## PRESS RELEASE

### **Professional Aviation Associates Celebrate 25 years of Providing Quality Service and Support**

**Atlanta, Ga., May 19, 2010** – Professional Aviation Associates celebrates its 25<sup>th</sup> year in business. Established in March of 1985, the company focused on providing parts for the Beechcraft King Air; over the years they have expanded their services and today offer parts and rotables for the Beechcraft 1900, Beechjet, Learjet, Falcon, Piper, and Cessna series of aircraft among others.

A partner in the company since its inception, Vice President of Sales Jerry Cox says it's the organization's employees that have helped sustain the business. "We are successful today due to the dedication of our employees," said Cox. "We operate our Aircraft on Ground services 24 hours a day, seven days a week. It is our dedication to quality service and products that keep our customers coming back."

Professional Aviation Associates became a subsidiary of the Greenwich AeroGroup in 2009 as part of Greenwich AeroGroup's acquisition of Banner Aerospace.

Celebrations acknowledging the anniversary have been held in Atlanta, Georgia and most recently at the EBACE show in Geneva, Switzerland.

#### **Professional Aviation Associates**

Located in Atlanta, Georgia, this facility distributes aircraft parts worldwide to FBOs, general aviation, corporate and regional airlines specializing in Beechcraft King Air, Beech 1900, Beechjet and Learjet series aircraft. PAA also offers a Stratoflex-authorized hose shop with FAA/TSO authority. The company is fully accredited under the ASA-100 program in accordance with FAA AC00-56A. They have three regional offices and two international representatives.
